

The Arctic HFO ban

Are you ready for 1 July 2024?

Tuesday 25 June

A Clean Arctic Alliance webinar

Welcome to the Clean Arctic Alliance webinar:

The Arctic HFO ban

Are you ready for 1 July 2024?

Please note:

- This webinar is recorded, and the recording will be made available post event.
- Please submit your questions via the Q&A section at any time. They will be addressed after the presentations.

Question & Answer session

- **Liana Larremore**, Lawyer and Policy Advisor, Clean Arctic Alliance
- **Irmelin Skigelstrand**, Senior Adviser, International Environment, Norwegian Maritime Authority
- **Elena Tracy**, Senior Advisor Sustainable Development, WWF Global Arctic Programme
- **Andrew Dumbrille**, Advisor, Clean Arctic Alliance

Moderated by **Sian Prior**, Lead Advisor, Clean Arctic Alliance

Closing remarks

The Clean Arctic Alliance is calling for:

- Strict enforcement of the Arctic HFO ban from 1 July 2024
- Full compliance by all ships operating in Arctic waters through comprehensive flag and port state controls
- An extension to the area of application to cover all waters above 60° North
- Shipping fleets to step-up and not hide behind the use of exemptions until 2029

URGENT REMINDER!

Are you HFO ready?

The IMO's Arctic heavy fuel oil (HFO) Regulation bans the use and carriage of HFO as fuel from **1 July 2024**.

Arctic shipping is growing
Between 2013 - 2023
number of ships: +37%
distance sailed: +111%

SAY NO TO HFO!

THE CLEAN ARCTIC ALLIANCE CALLS FOR:

- Strong enforcement by all countries of the HFO ban from 1 July 2024 with no waivers issued*.
- Extension of the area covered by the ban to include all Arctic waters north of 60°N.
- Immediate regulation by IMO to reduce black carbon emissions to slow down the Arctic meltdown.
- The shipping industry to not hide behind the use of exemptions* and switch immediately to cleaner fuels or alternative propulsion.

CLEAN ARCTIC ALLIANCE
cleanarctic.org | @CleanArctic

* Exemptions for ships with protected fuel tanks along with waivers issued by Arctic coastal states could mean that the HFO ban is not fully implemented until 1 July 2029!

Thank you

**CLEAN ARCTIC
