

Arctic Green Corridors

Dr Sian Prior

Lead Advisor

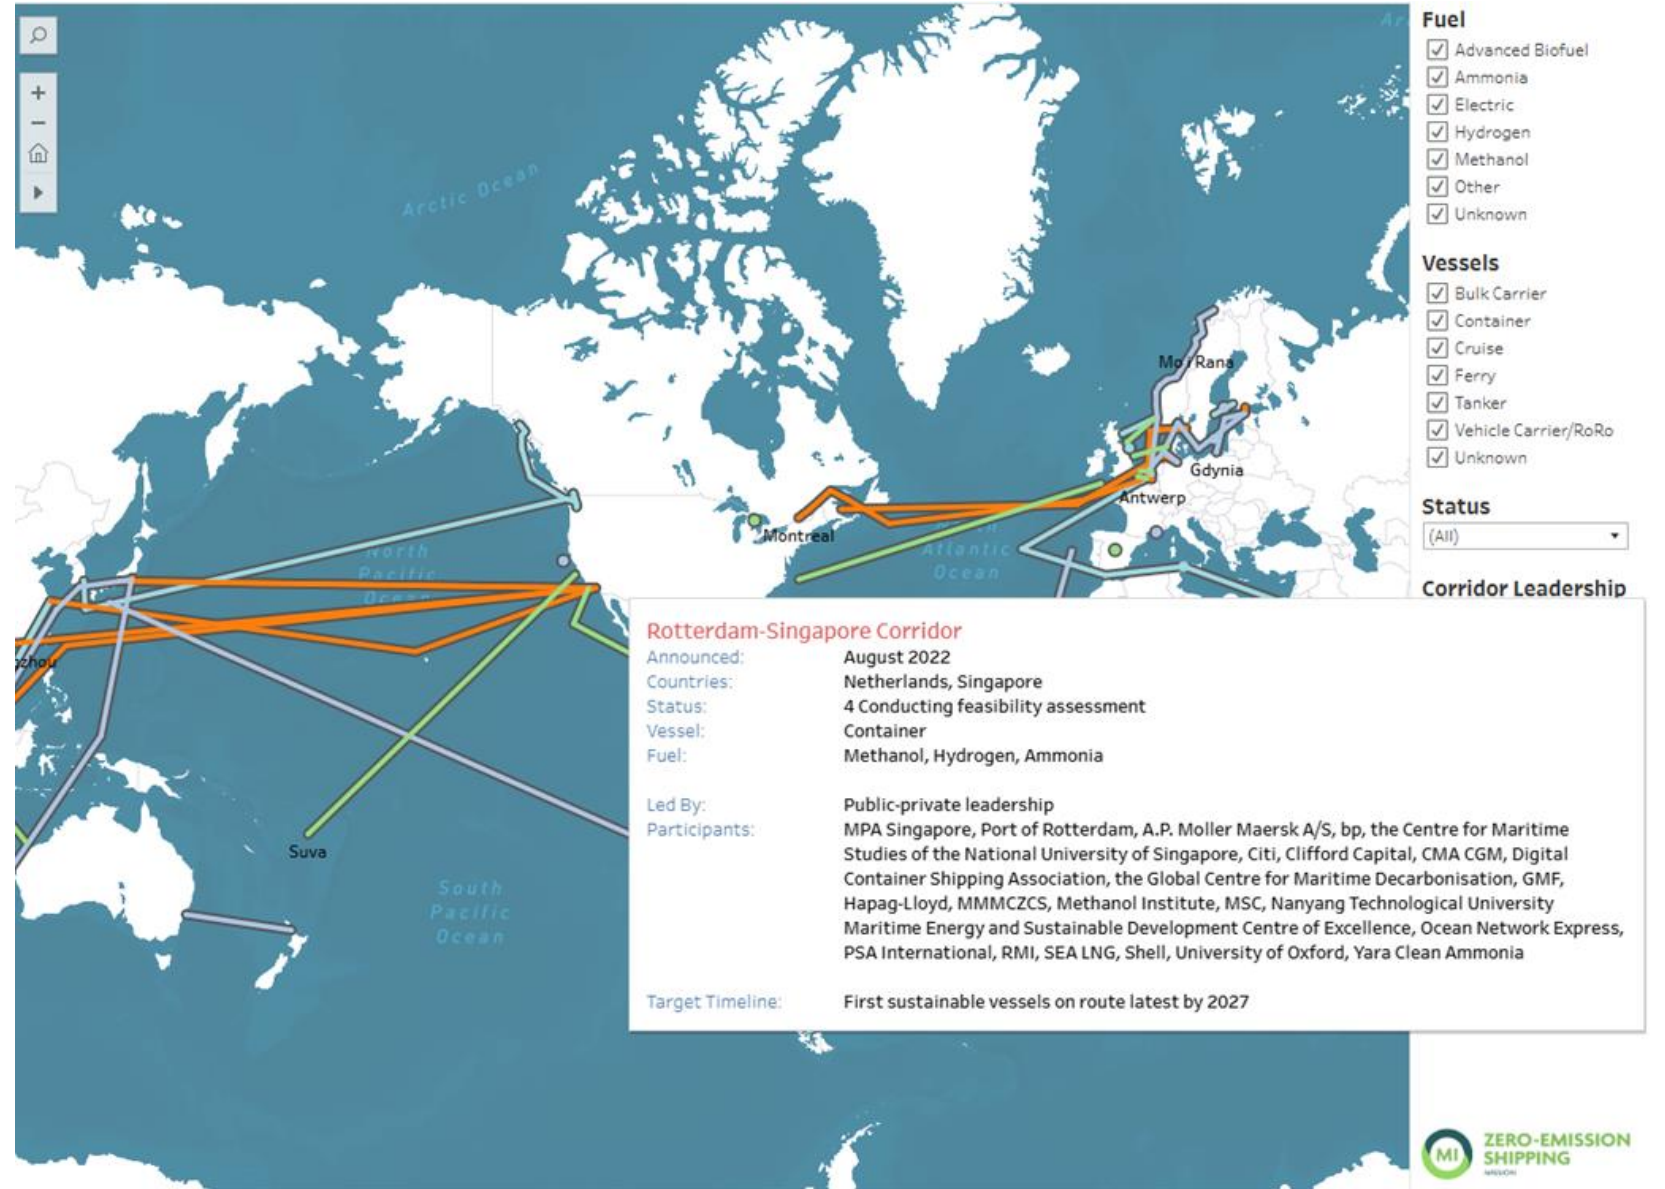

Clean Arctic Alliance

What are Green Corridors?

Shipping routes, ports and energy supply chains where efforts to support decarbonization of the maritime sector are focused.

Green Shipping Corridors:

- Clydebank Declaration (2021)
- Over 40 green corridor initiatives globally
- None in the Arctic
- Focus on decarbonisation

CLEAN ARCTIC
ALLIANCE

Examples of shipping routes in the Arctic

THE CLEAN ARCTIC ALLIANCE IS WORKING TO PROTECT THE ARCTIC FROM THE IMPACTS OF SHIPPING

Reframing Green Corridors for the Arctic

- 1. Decarbonisation of Arctic shipping**
- 2. Mitigation of biodiversity loss**
- 3. Reduction of air polluting emissions**
 - 4. Other ship pollution sources**
 - 5. Just and equitable transition**
